FODDER FOR THE IMAGINATION: Elementary Art One-day Workshop

Artistic expression is one of the greatest manifestations of the child. As Montessori teachers, it is our role to offer many opportunities and activities for the child's exploration, through which he weaves the fabric of creativity. The child's understanding of the elements and principles of art, the structure upon which he interlaces his designs with color, line, texture, composition, symmetry, and harmony, determine the weft and woof of his creative cloth. Come explore with me just how we can introduce these essentials to the children.
