

APRIL 6, 2019 Vancouver, BC AMI (CANADA) 2019 WORKSHOP

Dr. Nora McNamara, M.D.
Child and Adolescent Psychiatrist

Nora McNamara, M.D. is a Child and Adolescent Psychiatrist at University Hospitals Cleveland Medical Center, where she has worked as a research clinician in the areas of autism, ADHD, and early onset mood disorders since 1999. Dr. McNamara was also the medical director of the research initiative collaborative between academic mental health practitioners, police, and the community via the Children Who Witness Violence Program from 1999-2009. She holds an AMI Elementary diploma since 2010, because she became tired of medicating children in developmentally inappropriate school environments.

ANXIETY AND DEPRESSION IN CHILDREN

Dr. Nora McNamara has led dynamic and well-received workshops on Autism, ADHD, Neuroscience and Inclusion in Montessori Education. Nora will present information and lead discussion on the topic of anxiety and depression in children. Plan to join us for a thoughtful and enriching day.

Nora encourages participants to bring along knitting or other handwork in lieu of note-taking; resource information will be provided after the session.

This workshop is open to teachers, assistants, administrators and support staff working at all levels in Montessori schools.
