We are very pleased to have Joen Bettmann returning to Vancouver to present our next Refresher Course!

“Montessori Language: The Foundations of Self-Expression”

Language is a means of expression and communication. The acquisition of language, its production of speech, its intrinsic order, its direct connection with human understanding, its revelation of the written word and grammar analysis are innate discoveries made by the child. The adult’s creative work is to support the child in bringing the drama, passion, color and delight to all of life and to consciousness!

The aim of this Refresher Course is to explore the relationships and interwoven connections between spoken language and the written word. Cultural stories, songs and poems will be shared. Creative writing with the movable alphabet, preparations of the hand, farm activities, word study, spelling and reading analysis will be revisited with glitter and glory.
